

# UNLEASH YOUR TRUE POTENTIAL

By 2020, critical thinking and complex problem-solving will be the most vital skillsets in the global jobs market. Are you ready?

Macat and the University of Cambridge's groundbreaking critical thinking study highlighted the skills you need to think smarter, make better decisions and unleash your true potential in life and work.

We saw that training your critical thinking mind is more important than ever – and you can employ a variety of techniques and tools to do so. To get you started, we've curated and explained the world's most important books and influential ideas in a way that helps you:

Make quicker, more informed choices

Find creative solutions where others see only problems and data

Spot flaws in universally accepted arguments

Become a more powerful persuader

Take the greatest minds into every meeting; get started for **FREE** today.
